Town Warrant

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Newton, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall, in said town, on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose all Town Officers for the ensuing year.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.
3. To hear the reports of the Town Officers and pass any vote relating thereto.
4. To see if the town will vote to authorize the Selectmen to hire money in anticipation of taxes.
5. To see if the town will vote to raise and appropriate the sum of \$800.00 to widen, straighten and give a good surface to the Smith Corner Road.
6. To see if the town will vote to raise and appropriate the sum of \$1,017.00 for State Aid Construction on Peaslee Crossing Road in order to receive State Aid of \$2,034.00; or to vote to raise and appropriate the sum of \$193.94 for Class V assistance in order to receive State Aid of \$775.75.
7. To see if the town will vote to raise and appropriate the sum of \$208.00 to pay note given by the town for purchase of town dump.

TOWN REPORT

8. Is it expedient to revise the constitution?

9. To see if the town will vote to raise and appropriate the sum of \$200.00 to make minor repairs and paint the Gale Library.

To transact any other business that may legally come before said meeting.

Given under our hands and seal this 23d day of February, A. D. 1937.

WILLIAM K. DAVIS,
CHARLES R. STEVENS,
IRA M. DOWNING,

Selectmen of Newton.

Trustee of Public Library for Three Years

Pearl E. Davis had 297 and was declared elected. Qualified by Mary A. S. Hayford, Justice of the Peace.

At 8:00 P. M. meeting again called to order by the Moderator, Earle B. Nichols, and results of balloting for town officers announced.

Proceeded to take up the remaining articles in the warrant.

It was voted that the remaining officers be appointed by the selectmen.

Article 2. The Finance Committee recommended that the budget be accepted as printed in the Town Report. Winfred A. Snow asked if balance of last year's cemetery appropriation would be held over for them to use this coming year. It was explained that because \$40.00 interest would be available for the first time this year, was the reason the appropriation was not made larger.

However this is only for the Highland Cemetery. William K. Davis said that when the road project is done a cemetery project has already been approved and money set aside for it.

Raymond Houle asked why the road appropriation wasn't put in the budget.

It is customary to raise one-quarter of one percent of the total valuation for maintenance. This is a State requirement.

Remarks by Mr. Houle and Mr. Estabrook. On motion of Wilbur R. Sargent it was voted to accept the budget and raise that sum of money.

Article 3. The Finance Committee recommended that the report of all Town officers and agents be accepted as printed in the Town Report, except that of Road Commissioner and Fire Department. The committee referred to last year's report, article 15, number 3 in regard to the

report required of the Road Commissioners and Fire Chief, therefore the committee made the recommendation as they did.

Earle B. Nichols made an oral report that about \$400.00 was spent on the tractor to repair it this year, that now it was in fairly good repair and should go another year without repairs.

The road machine is kept in repair by the State for the use of it. The road drag is not very valuable but can be used; all the small tools listed are in good repair.

A. Ralph Estabrook pleaded guilty for not making a complete report as voted, but assured the voters that the condition of the fire apparatus was the same as always, in working order, always has been, and always will be as far as he can take care of it. He explained about the \$150.00 for 1½ inch hose he had asked for.

He reported that we have 150 feet of good hose on hand and 600 feet in doubtful condition.

Wilbur R. Sargent said the 1934 report of the tax collector didn't balance. Probably an abatement made the difference. It was voted that the report be corrected and re-printed in next year's report.

Ralph Marden suggested that number 3 under article 15 of last year's report be rescinded if it was not a good article to have on the books, but it was not voted on.

Raymond Houle brought up the question of the special town meeting held last May. Said that we did not have the right to appropriate money with but 29 voters. Had to have half of the check-list of the previous town meeting.

Harlan Burpee asked "does this come in this article" and then made the motion that the report of the highway department and the fire department, also police department be accepted. It was a vote.

On the motion of Wilbur R. Sargent it was voted to accept the reports of the town officers as printed in the town report with the corrections already made.

Mrs. Mabel Brewer inquired about the \$16,500.00 borrowed and \$17,000.00 paid back.

William K. Davis explained that at the end of last year we owed \$3,500.00 to the bank. At the close of this year we owed \$3,000.00 which reduced the debt \$500.00.

Article 4. The Finance Committee recommended that the Selectmen be authorized to hire money in anticipation of taxes.

On motion of Wilbur R. Sargent it was voted that the Selectmen be authorized to hire money in anticipation of taxes.

Article 5. The Finance Committee recommended that the town vote to raise and appropriate the sum of \$1,018.50 for the State Aid Construction on the Peaslee Crossing Road in order to receive State Aid of \$2,036.00.

Discussion as to what materials were to be put into this road.

Ira M. Downing explained that what is used is what the State wants and they won't accept it unless it is all right.

Hayden Cheney moved that the town raise and appropriate the sum of \$1,018.50 in order to receive the State Aid of \$2,036.00. It was a vote.

Article 6. The Finance Committee did not recommend the raising of \$400.00 for control of White Pine Blister Rust. It was voted to pass over article 6.

Article 7. The Finance Committee recommended that the Moderator appoint a committee of three, one from each village to consider the proposition of a town dump or dumps and bring in their report at the next annual town meeting.

Ira M. Downing inquired what we were to do with the stuff to be dumped for the next year. Lincoln Hayes asked if the finance committee had given it a thought.

The committee said each section of the town wanted some consideration and they thought something might be worked out in the meeting.

Bernard I. Churchill of the finance committee, said the committee had given the matter a lot of consideration and would like to satisfy everybody.

Mrs. Mabel Brewer thought that instead of finding fault with the finance committee, who work for nothing, it would look better for us not to be poking too much on them.

A motion was made that the moderator appoint a committee of three, one from each village, to look into this matter and report in 60 days. It was not seconded.

Wilbur R. Sargent spoke of a good place to dump at the "Dugway," if it could be purchased at a reasonable price, it might be done at once instead of waiting a year.

He made the motion that the selectmen and treasurer, with the committee, if any are appointed, be authorized to bargain for a parcel of land to be used as a public dump by the inhabitants of Newton only, under any rules and regulations that may be made later, issuing a note for the same, not to exceed the sum of \$250.00 with interest at 4 percent annum, money to pay note to be raised and appropriated at some future town meeting. It was a vote.

Article 8. Due to the fact that the committee is uncertain as regards to a point of law involved in article 8, the committee desires to withhold any recommendation on the article.

The article reads, "To see if the town will vote to raise and appropriate the sum of \$150.00 for the purchase of 200 feet of inch and one half hose for the fire truck."

The committee explained that they did not recommend this article because they did not understand what the fire chief wanted. They thought it would cost at least \$300.00. A. Ralph Estabrook said it was a mistake when they thought he was going to pay \$1.50 a foot. He wanted \$150.00 to buy 200 feet of one and one half inch hose which costs 65

cents a foot, whole cost to be about \$200.00, with nozzles. Part to come out of his appropriation.

It was voted to raise the \$150.00 for the purchase of the fire hose as stated in this article.

Article 9. The Finance Committee recommends that the highway commissioner be instructed to expend \$500.00 of the town maintenance money for the purchase of Tarvia and other material for the purpose of applying a permanent surface on a part of the roads already graded.

The question was asked if the committee had looked over the report, \$650.00 for trucks and \$436.00 for labor, etc. A motion was made that the recommendation be not accepted, but was not seconded.

Bernard Churchill said the committee had given this recommendation a lot of consideration. That by using \$500.00 in that way the roads would be in much better shape and that by getting them as fast as we could into hard top roads we would be saving money.

Hayden E. Cheney said he wouldn't want to establish a precedent but that quite a distance of this kind of roads is being destroyed by automobile travel. He believes it is a good investment to instruct the highway commissioners to use \$500.00 for Tarvia and practical for the voters to do this. If we could proceed for one or two years more by putting on tarvia, they would be off the list of roads to be repaired from this fund for some time.

Asked for remarks by the road agent Earle B. Nichols said he approved of spending \$500.00 in this way; thought it was good business. Said it might cause a little neglect to some of the other roads for the time being but even at that it was better and cheaper in the end to spend that amount for tarvia each year until a good portion of the roads were covered.

Clarence B. Green thought Mr. Nichols had gained experience in using tarvia and should give us good work the coming year.

It was voted that the recommendation of the finance committee be accepted.

Raymond Houle asked if by reading the law the error was corrected in regard to the special town meeting. Mr. Sargent said just accepting the report does not legalize the meeting.

A. Ralph Estabrook said if enough people question the legality it could be legalized by the legislature.

The money had to be raised anyway. It was an adjourned town meeting. On page 28 the town clerk in her report inadvertently called it a "special meeting." The intention was fulfilled.

We had to raise the money and it was raised and spent and should not require any action from any other body. Think it could be overcome and cleared up for all time unless some one wants to make a protest. Motion that we accept the warrant and proceedings of the adjourned or special town meeting. No vote.

Mr. Houle said he brought it up if another case came up we could do the right thing. As there is no real protest better let it drop.

Lincoln Hayes asked if it was legal to count votes before they were all in. Discussion by Mr. Hayes and Ira Downing. Mr. Hayes made the motion that the votes should not be counted until after the polls are closed. Not seconded.

Ralph Marden referred to accepting reports of the town officials after corrections are made. Referring to last year's meeting number 3 under article 15, the town voted to ask the highway and fire departments to make a report in regard to the condition of their equipment as part of the annual reports. If not done it doesn't look well to see this vote on the books and not have it lived up to. These matters are more or less subject to discussion, especially in regard to the tractor which was broken down last year and required quite an expense. Now it will wear some time long-

er, although it would be well if the voters had an idea as to the necessary repairs on their equipment.

Both Mr. Nichols and Mr. Estabrook have the ability to look after these matters of our business but perhaps the voters would like to know where their money is going.

It was voted to give the finance committee a rising vote of thanks.

Mrs. Rose Colby asked if taxes would be increased because of a larger budget.

Bernard I. Churchill said, in regard to the raising of taxes, that it is not the selectmen who have anything to do with it. Taxes are what we make them here by voting to raise this money.

Mrs. Hayford asked Mr. Davis to explain why more money had to be raised for the relief department. Mr. Davis said that up to last year money did not have to be raised for relief because of the Harris and Dalton funds. Last year they were exhausted and it was necessary to raise \$1,000.00 in addition to those funds.

We have been fortunate in having the income from these funds. Now it is just too bad for the taxpayers. Fifty percent has been received from the State until Nov. 1st but since then we bear the whole expense.

A motion was made to adjourn subject to the call of the moderator. Not seconded.

Meeting declared adjourned by the moderator at 9:27 P. M.

After the adjournment the town officers counted the votes of the Direct Primary until 11:30 P. M.

Recorded truly,

MARY A. S. HAYFORD,

Town Clerk.

A true record, Attest:

MARY A. S. HAYFORD,

Town Clerk.

Report of Health Officer

There were reported during year ending Dec. 31, 1936
17 cases of reportable diseases, as follows:

Scarlet Fever	2
Mumps	9
Measles	2
Pneumonia	3
Meningitis	1

There were issued two permits to board State Wards.
Three cases of nuisances were complained of and steps
taken to remedy same.

The problem of the throwing of bags of garbage from
cars to the highways is still unsolved. This is mainly done
by summer colonists at the lake too lazy to bury such rub-
bish and with no consideration for decency, and health of
others.

HENRY L. BURBECK,
Health Officer.

Report of Superintendent of Schools

To the School Board and Citizens of Newton:

I herewith present my annual report as Superintendent of your schools.

The statistical report is for the school year ending June 30, 1936. Following this report will be found reports by the Music Supervisor and the School Nurse.

Again there has been no change in the teaching staff. We are fortunate to be able to retain the services of teachers with the training and experience which we have at the present time.

The enrollment for the year covered by this report was 146, which was three more than during the previous year. The school attendance averaged 95.71 percent of the membership. The average for the State was 94.75 percent.

Twelve boys and girls graduated from the Junior School last June. Of these graduates, all but one entered high school. The following list shows the September enrollment of Newton pupils in high schools:

Haverhill High School	13
Merrimac High School	1
Robinson Seminary	3
Sanborn Seminary	38
<hr/>	
Total Newton pupils enrolled in high schools	55

The Good Citizenship medal was awarded to Russell Marden.

The intelligent use of leisure time is being stressed considerably in all of our classrooms by the planning and providing of suitable library reading for the children. In the Junior School graded selections are provided and each child

is required to read at least one book a month. Special reports on these readings serve as a checkup on comprehension. Our aim is to encourage children to read library books for the fun of it, thus establishing the reading habit, which is so essential for personal enjoyment as well as for the worthy use of leisure time.

Standardized tests given during the year, show that good progress has been made in the fundamentals.

A school citizenship mark has been added to our new report cards this year. This mark is based upon a consideration of the following character traits: cooperation, self-control, perseverance, courage, promptness, orderliness, and health habits. We have attempted to teach each child the importance and necessity of these character traits which will make of him a good citizen.

Members of the graduating class are annually asked to compete in an essay contest sponsored by the American Legion. The topic selected for last year's contest was "The Most Important News Event of the Past Year." Children of the graduating classes of Plaistow, Atkinson, Hampstead, and Newton submitted essays. The winner of the contest was Russell Marden, a member of our graduating class. He was awarded a medal by Mr. Cook of the American Legion.

These are two outstanding needs at the Village School. I have in previous years spoken of the need of a fence between the school yard and the road. This need still exists. Also, a well should be dug and water piped into the building. It probably would not be necessary at first to have a pressure tank. The time will soon come when the old chemical toilet tanks will need replacement. It would seem advisable to replace them with flush toilets, and this would require a water supply.

Funds were provided at the last school district meeting for painting the exterior of the Rowe's Corner School. During the summer two coats of paint were applied to this building, thus putting the exterior in good condition.

We wish to express our appreciation for the assistance

given by the Red Cross in furnishing money for first aid supplies and providing clothing for needy children. The assistance provided by the Newton Granges, making possible a dental clinic last Spring, was also greatly appreciated.

For a number of years Newton has sufficiently recognized the value of music instruction to employ a special teacher of this subject to make the instructional work of the schools more effective. With children these days hearing so much music that appeals solely to the most elemental emotions, which need to be controlled rather than stimulated, it is of the highest importance that children be taught to appreciate and demand the kind of music that elevates. "Music Appreciation" records for use on a portable orthophonic phonograph have been used. Schools equipped with radios have made use of the Damrosch Music Appreciation Broadcasts.

Since buildings constitute one of the important features in the educational life of our children, it is necessary that they should be clean, sanitary and warm. Our janitors succeed, I believe, in keeping our school plants in this condition. Pupils are taught to do their share in caring for the upkeep and appearance of the buildings by orderly disposal of wraps, use of hand washing facilities, and observation of other regulations.

The function of education is the development of character. Education is not a course of training for life at some future time. It is good living now. Education is not confined to the hours in the schoolroom, nor to a stated age. It is a continuous process throughout life. Therefore, it is necessary for teachers, school officials, pupils, parents, and citizens to have a clear idea of education, a theory that considers the maximum development of the individual as of the greatest importance. Such a development involves adequate teacher background and preparation, right attitude of girls and boys, co-operation of parents, and an intelligent and active interest in education by all citizens.

In conclusion I wish to express my appreciation of the

SCHOOL REPORT

fine spirit of co-operation on the part of the School Board, teachers, local organizations, and the local community.

Respectfully submitted,

WILLIAM J. NELSON,

Superintendent of Schools.

Report of Supervisor of Music

To the Superintendent of Schools:

I herewith present my annual report as Supervisor of Music in the Newton Schools.

Music appreciation is the ultimate aim of our Music Course. The boys and girls are taught to read music, sing tunefully and listen intelligently to music, in order that they may appreciate the finest works of the great masters.

It has been most gratifying to note the keen enthusiasm which the pupils have shown in their work in music during the past year. The end of the year finds me, as always, grateful to the teachers, on whose assistance I rely to such a great extent. For your co-operation and that of the school board, I wish to express my appreciation and thanks.

Respectfully submitted,

EVA W. THOMPSON.

Report of School Nurse

To the Superintendent of Schools:

I herewith submit my annual report for the school year, 1935-1936.

I wish to thank the superintendent, teachers, parents, and all who co-operated to make the school year a success.

I also wish to thank the Grange for their co-operation and financial assistance, in sponsoring the dental clinic.
